

TG Wet & Regelgeving Biologische Bestrijders en Bestuivers

Leden in de TG

Martin Wohlfarter (vz)	Koppert BV
Maedeli Hennekam	Entocare BV
Lieve Wouters	Biobest NV
Mees Mats	DCM Nederland BV
Helma Verberkt	Artemis

Belangrijkste zaken 2024

- Wet- en Regelgeving:
 - Nieuwe Import Certificaten DIOD012021 V.1.0.5.
 - NVWA Certificering procedure van bedrijven (export)
 - Provinciale Vergunningsverzoek voor Bestuivers
- IBMA: Maandelijks overleg met Macro 'Professional Group'
- 3rd International Biocontrol Congress – Costa Rica
- Bezoek van Vietnamese 'Plant Protection Department' (PPD) delegatie
- ABIM 2024
- Jaarplan 2025

Example: BMSB and its natural enemy *Trissolcus japonicus*

Since 2020, *T. japonicus* found in Germany
→ use as biocontrol agent theoretically possible

However: the Federal Agency for Nature Conservancy lists *T. japonicus* together with the BMSB as invasive or potentially invasive

Although not legally binding, this makes *T. japonicus* a "no go"

KNOWLEDGE FOR LIFE CABI

San José, Costa Rica 24-27 June 2024

3rd International Congress of Biological Control

Costa Rica Tackles Agrochemical Overuse with Groundbreaking Pesticide Bill

The Tico Times · 4d

San José, Costa Rica 24-27 June 2024

3rd International Congress of Biological Control

Sustainable agriculture

“ In 1987, the United Nations Brundtland Commission defined sustainability as “meeting the needs of the present without compromising the ability of future generations to meet their own needs.” ”

UCM UNIVERSIDAD CATOLICA DEL MAULE

Mid-Year IBMA Macro PG meeting
11 July 2024
